

# Full Stack Developer

full time, m/f/d

## The challenge

- Build delightful features that make it easier to run a trucking business
- Create rich experiences for construction companies that bring unparalleled innovation to their supply chains
- Take ownership of your own projects and bring them to fruition

## The benefits

- As an early employee you will have a **huge impact** on the company
- Having **complete flexibility** with your work schedule and freedom to make your own decisions
- Competitive salary and a great office in the heart of Kreuzberg. **Free Fruits + Hot & Cold Drinks** (Coffee, Mate..)
- Every 6 weeks a cool **Team-Event** such as Wakeboarding

## Our current stack

- Vue.js, Ruby on Rails, Postgres, Redis, Docker, AWS, GitLab, MetaBase
- Comming up: hot new technologies like Elixir, Go, TensorFlow, and Keras.

## That's you

- Hands-on experience in software development and keen to learn more
- Solid in front- and backend-development using frameworks like Vue.js, Angular & React or RoR & Phoenix or equivalent experience
- Understanding of Docker, micro-service architecture, and Postgres (or equivalent experience)
- You deliver value for our users within our agile environment
- Open minded, positive and proactive team player who is passionate about their craft and up for a challenge
